

**Internet Access to Weather Information**

(Communication of Aviation Weather and Notams)

**LEAD AGENCY/POINT OF CONTACT:** Rick Heuwinkel, FAA/ARW-100, 202-366-0304, richard.heuwinkel@faa.gov

**TRAINING POINT OF CONTACT:** Mr. Steve Albersheim, FAA, Areospace Weather Policy Division, ARS-100, (202) 385-7704, steven.alsersheim@faa.gov

**PROGRAM/PROJECT DESCRIPTION:** This project is to develop an Advisory Circular that details the use of the internet to access weather information for operational use. At this point, there is no thought that training will be required. Specific weather vendors will either be qualified by the FAA, or not. For now, this is thought to be a public relations effort. **Training not applicable.**
